Million Trees Project

Have you collected any acorns yet? We have three boxes to sort and more are falling! Collect your acorns and bring them to school in a box. They will rot if kept in plastic. The acorns must have the caps attached. They must be separated by acorn type so, please keep them separate from our playground tree's acorns.

The children are invited to help sort the acorns on October 22nd, at 1:00 (early dismissal day). The acorns will be tested by soaking them in water. The acorns that float will not produce a tree and will be returned to the squirrels outside. Those that sink will be dried and shipped to LL&W. Children that would like to help should sign-in to extended care at 1:00. Parents are welcome to help as well.

We still need potato or onion sacks so that the acorns can be shipped. So, please send them in! Thanks to Diane Pfaff for organizing the effort! Go to www.livinglandsandwaters.org/milliontrees/default.htm to learn more about this project.

Good News Puppets

Next week we will be presenting some music for the Annual Solomon Good Cheer Luncheon. This event takes place at noon on Tuesday, October 21, in the lounge. Because there will be an early dismissal on October 22 and no school on October 23 and 24, Good News Puppets will practice on Tuesday, October 21 right after school. Now - another "biggie"! The Good News Puppets will be responsible for the sermon portion of worship on Sunday, October 26. Therefore, it is extremely important that all who will be participating in Sunday (8:15 am) worship be at practice on Tuesday the 21st. If your child will NOT be able to participate on Sunday, the 26th, please let Carol know! Thanks!

Please return to Carol...
