## School Make-up Days

The Christian Day School Board is asking for your input for making-up the days missed from school closures. To date, we have missed 9 days and are required to make up any after 5 days. The calendar was approved last spring to make-up the first day on February 16 and any further days in June after the last scheduled day. Therefore, make-up days are also scheduled for June 2, June 3, and June 4. Any more days would continue to add to the days in June unless school board votes to change the days.

We have several options and would like your input. Please see the back of this page and return it to your child's teacher. (One per family please).
